THE UNITED STATES NAVAL ACADEMY

HISTORICAL SKETCH

The United States Naval Academy is an institution of higher education conducted by the Navy Department for the purpose of preparing young men to enter the lowest commissioned ranks of the Navy and Marine Corps. It was founded as the Naval School in 1845 by the Honorable George Bancroft, historian, educator, and Secretary of the Navy, to improve the then unsatisfactory methods of instructing midshipmen. It was located at Annapolis, Md., on the site occupied by Fort Severn, which was given up for the purpose by the War Department. At first the course was 5 years, of which only the first and last were spent at the school, the intervening 3 years being spent on board ships on active service. It was reorganized in 1850-51 as the United States Naval Academy, with a course of study of 4 consecutive years. A summer practice cruise replaced the omitted sea service, and gave better opportunities for intensive training. During the Civil War the Academy was moved to Newport, R. I., but was brought back to Annapolis in 1865, where it has since remained. In the following years great improvements were effected in the organization and curriculum. From 1873 to 1912 the academic course was 6 years, the last 2 of which were spent at sea. In 1912 the course was fixed at 4 years, the 2 years at sea being omitted. During the Civil, Spanish-American, and World Wars, the course was shortened to provide more officers for the fleets. During the World Wars large classes of Reserve officers and Reserve midshipmen were trained at the Academy.

The students undergoing the course at the Naval Academy have been called in turn, acting midshipmen, midshipmen, cadet midshipmen and cadet engineers, naval cadets, and since the act of Congress approved July 1, 1902, midshipmen. A midshipman is an officer in a qualified sense. He is appointed a midshipman in the Navy, not merely at the Naval Academy, is subject to the orders and regulations of the Navy Department, but does not now participate in the benefits of retirement or longevity. He may be ordered to sea duty although this is not customary except on practice cruises. He ranks after a commissioned warrant officer, and ahead of a warrant officer. Upon graduation he may be commissioned an ensign in the line of the Navy, or a staff corps, or as a second lieutenant in the Marine Corps. In addition, 185 members of the class of 1955 were commissioned as second lieutenants in the United States Air Force in accordance with instructions of the Secretary of Defense.

Under the Superintendent, the Academy is organized into the following departments: The executive department headed by the commandant of midshipmen who is charged with leadership instruction, interior discipline, drills, and tactical instruction; and the departments of seamanship and navigation, ordnance and gunnery, marine engineering, aviation, mathematics, electrical engineering, English, history, and government, foreign languages, hygiene and physical education. At present about 25 percent of the academic work is devoted to the social-humanistic subjects, about 50 percent to the scientific-engineering subjects, and about 25 percent to the military-professional subjects.

Beginning in the year 1899, following an appropriation of \$10,000,000 by Congress for the purpose, the Naval Academy was almost completely rebuilt in the French Renaissance style after the designs of the architect, Mr. Ernest Flagg, of New York. The grounds of the Academy proper now comprise 256 acres (Government-owned) and 17.26 acres (leased) along the west bank of the Severn River, on which are 294 buildings with equipment totaling an original cost of \$35,285,389.

An act of Congress approved on May 25, 1933, authorized the Superintendent to confer the degree of bachelor of science upon all graduates from and after the date of the accrediting of the Academy by the Association of American Universities. That association had placed the Naval Academy on its approved list on October 25, 1930, and graduates commencing with the class of 1931 became eligible for the degree. By virtue of an act of Congress approved July 8, 1937, the Superintendent is now authorized to confer the degree upon all living graduates.

The total number of graduates of the United States Naval Academy, including the class of 1955, is 25,801.

The administration of the Naval Academy is under the Bureau of Naval Personnel, Department of the Navy, Washington, D. C. Entrance requirements are fully set forth in the pamphlet Regulations Governing the Admission of Candidates Into the United States Naval Academy as Midshipmen and Sample Examination Questions, copies of which may be obtained by application to the Bureau of Naval Personnel. A description of the course of instruction is contained in the pamphlet, Course of Instruction at the United States Naval Academy, Annapolis, Md., copies of which may be had by applying to the Academy.

EXPLANATION OF SYMBOLS USED IN THE LIST OF MIDSHIPMEN OF THE FOURTH CLASS TO INDICATE METHOD OF QUALIFYING SCHOLASTICALLY AND SOURCE OF APPOINTMENT DATA GIVEN IN THE COLUMN HEADED "APPOINTED FROM"

Methods of qualifying scholastically:

C—Qualified by the college certificate method.

S—Qualified by the certificate-substantiating examination method.

R—Qualified by passing the regular entrance examination.

States and Territories.—Entered in accordance with the provisions of the law which allows five midshipmen for each Senator, Representative, and Delegate in Congress.

Navy or Marine Corps.—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 160 appointments annually from among the enlisted personnel of the Regular Navy or Marine Corps.

Naval Reserve or Marine Corps Reserve.—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 160 appointments annually from among the enlisted personnel of the Naval Reserve or Marine Corps Reserve.

Presidential.—Entered by competitive examination under the provisions of the law which authorizes the President of the United States to make 75 appointments annually from the United States at large.

In the event that the quota of midshipmen authorized by law to be appointed annually to the Naval Academy from (1) enlisted men of the United States Navy and Marine Corps, (2) enlisted men of the Naval Reserve or Marine Corps Reserve, or (3) by the President, at large, is not filled, the Secretary of the Navy may fill the vacancies in such quota by appointing other candidates from any other of such sources who were found best qualified on examination for admission into the Academy and not otherwise appointed.

Vice Presidential.—Entered in accordance with the law which authorizes five appointments at large by the Vice President of the United States.

Honor Military School, Honor Naval School, or N. R. O. T. C.—Entered by competitive examination under the provisions of the law which authorizes the Secretary of the Navy to make 20 appointments each year from among honor graduates of honor military or naval schools and Naval Reserve Officers' Training Corps units.

District of Columbia.—Entered under the provisions of the law which authorizes the President of the United States to make five appointments from the District of Columbia.

Public Law 228, 79th Cong.—Entered under the provisions of an act of Congress which authorizes the President of the United States to appoint the sons of persons who have been or shall hereafter be awarded a Medal of Honor in the name of Congress for acts performed while in any of the armed forces of the United States.

Public Law 229, 79th Cong., as amended by Public Law 381, 83d Cong.—Entered by competitive examination under the provisions of the law which authorizes the President of the United States to make 40 appointments from among the sons of members of the land, air or naval forces (including male and female members of the Army, Air Force, Navy, Marine Corps, and Coast Guard, and of all components thereof) of the United States, who were killed in action or have died, or may hereafter die, of wounds or injuries received, or disease contracted, or pre-existing injury or disease aggravated, in active service during World War I, World War II or on or after June 27, 1950, and prior to such date as shall thereafter be determined by Presidential proclamation or concurrent resolution of the Congress.

Public Law 586, 81st Cong., 2d session.—Entered under the provisions of an act of Congress approved June 30, 1950, which authorizes the Secretary of the Navy to appoint additional qualified alternates to meet the needs of the armed services, but not to exceed the authorized strength of the brigade of midshipmen. Such appointments are in addition to, and not in lieu of, appointments otherwise authorized by law.

Puerto Rico (Gov.) and (Res. Com.).—Entered in accordance with the provisions of laws which allow one midshipman from Puerto Rico appointed by the President on the recommendation of the Governor of Puerto Rico and five midshipmen appointed on the nomination of the Resident Commissioner.

Canal Zone.—Entered in accordance with the provisions of the law which allows one midshipman from among the sons of civilians residing in the Canal Zone and the sons of civilian employees of the United States Government and the Panama Railroad Co. residing in the Republic of Panama, whose appointment shall be made by the Secretary of the Navy on the recommendation of the Governor of the Panama Canal.

American Republics and Canada.—Entered in accordance with the provisions of the law which provides that the Secretary of the Navy is authorized to permit upon designation of the President of the United States, not exceeding 20 persons at a time from the American Republics (other than the United States) and Canada and not more than 3 from any of such Republics and Canada to receive instruction at the Naval Academy at the same time. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy.

Philippine Islands.—Entered in accordance with the provisions of the law which provides that the Secretary of the Navy is authorized to permit upon designation of the President of the United States, not exceeding four Filipinos at a time to receive instruction at the Naval Academy. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy.

Kingdom of Belgium.—Entered in accordance with the provisions of *Public Law 318, 83rd Congress, 2d session*, approved March 26, 1954 which authorized the Secretary of the Navy to permit upon designation of the President of the United States, two persons, citizens and subjects of the Kingdom of Belgium, to receive instruction at the United States Naval Academy. Such persons will not be entitled to appointment to any office or position in the United States Navy by reason of their graduation from the Naval Academy.

ANNUAL LEAVE

First and third classmen were granted annual leave from August 3 to September 2.

Second Class

Midshipmen of the second class were divided into four battalions with approximately 224 midshipmen in each battalion for the summer period. They participated in training as follows:

TRAMID 55

Midshipmen of the second class participated in 2 weeks of amphibious training at the Naval Amphibious Base, Little Creek, Va., during the period June 4 to June 18. Participating also were elements of the Atlantic Fleet, including Fleet Marine Force and Amphibious Force units.

AIRCRAFT CARRIER CRUISE

Two battalions of midshipmen, second class, embarked in the U. S. S. *Valley Forge* for a 3-week cruise from June 18 to July 9. The remaining 2 battalions embarked in the U. S. S. *Antietam* for their cruise from July 11 to July 30. Both cruises visited Halifax, Nova Scotia, for a period of 5 days; the first from June 30 to July 5 and the second from July 21 to July 26. The training during this period included a comprehensive lecture program on the organization and operation of the carrier and its air group. These lectures were supplemented by demonstrations and exercises in which the midshipmen took part. Among the specific carrier air operations observed were: day and night takeoffs and landings by jet and propeller driven aircraft from the angled deck carrier, and hunter-killer antisubmarine exercises. In addition to the foregoing training, an appropriate schedule of social affairs and entertainment events was afforded all members of the second class during these cruises.

PHILADELPHIA AND PATUXENT RIVER TRAINING PERIOD

Each battalion spent 9 days in this phase of their summer training program. At the Naval Air Test Center, Patuxent River, Md., the midshipmen observed and received instructions in the following: The mission of each test activity, new aircraft test procedures, firing demonstrations and armament tests, aerial demonstrations, and airborne early warning procedures. In addition, midshipmen made flights in both jet and propeller driven aircraft, and helicopters. The period in the Philadelphia area was spent visiting the Philadelphia Naval Shipyard, the Naval Air Material Center, the Naval Air Development Center, and the Damage Control Training Center. The Glenn L. Martin aircraft factory near Baltimore was also inspected. During this phase also, special social affairs were arranged and entertainment events were scheduled.

FLIGHT INDOCTRINATION AT THE UNITED STATES NAVAL ACADEMY

This 10 day period included flying and practical ground instruction as well as a lecture-discussion program. Flights, under dual flight instruction, in training (N3N) and patrol (UF) planes were made by the entire second class. Ground instruction in matters directly relating to flying, such as flight safety, flight equipment usage, aerial navigation, and airborne electronics, was given. The lecture-discussion program covered general aviation subjects, for example: history and mission of Naval Aviation, flight at all speeds, acceleration effects of flight, principles of operation of helicopters, patrol, utility and transport aircraft, and seaplanes.

ANNUAL LEAVE

Leave was granted midshipmen of the second class from August 2 to September 2.
